Re: Review of Action Memorandum for a Time-Critical Removal Action of PFOS- and PFOA- Contaminated Water in Municipal Well at City of Airway Heights Near Fairchild Air Force Base, Washington, Draft, February 2018

Dear Mr. Connally:

Thank you for submitting the redlined WORD document with changes to the above-referenced Time-Critical Removal Action (TCRA) Memorandum. They have sufficiently addressed comment #1 and #2 on the draft Memorandum that I provided in my letter to you on March 5, 2018. I have no further comments on this document but I would like to review the O&M monitoring plan for the GAC treatment systems that will be installed under this removal action.

Please keep me apprised of the scope and schedule as you move forward with this action.

Sincerely,

Kimberly M. Prestbo  
Remedial Project Manager  
Site Cleanup Unit #1  
Remedial Cleanup Program
